Joseph Gomez, living at 1 River street, when he is not afield on his bicycle, received slight injuries in an accident which occurred near the granite watering bowl at the foot of Washington street Sunday. Arthur Holt was going up Washington street in his automobile when Gomez came pedaling down South Main street, apparently headed toward Elm street. It is stated that the cyclist had his eyes on the car and evidently did not see the car. At any rate, as the automobile passed the watering fountain, Gomez's bicycle struck it in the midriff, the collision throwing the rider to the street. One knee was slightly injured in contact with the flagging, and a rim on one of the wheels was detached. Mr. Holt stopped his car immediately to investigate the damage.

A small touring car driven by Albert Lyons and a roadster driven by Harry Rushey poked their heads together at the junction of North Main, Washington and Elm streets yesterday noon, and while the drivers argued over the responsibility for the collision a large crowd gathered and gave earnest attention and occasional advice. The Lyons car was proceeding from Washington street to North Main and the Rushey car was turning from North Main into Elm street; but when they stopped after the crash they were both pointed toward the entrance of the Aldrich building and not far from the curb. The occupants were not hurt and the cars were but slightly damaged, the Lyons auto having the runningshield on the left side ripped and the Rushey car having a front spring bent and one headlight glass smashed. Both were able to move on their own power to Elm street, where the argument was continued and where the Lyons car had a punctured tire doctored. The crowd still followed and did not vanish till the cars had been driven away.

Ballou-McLain Wedding Occurred Saturday Evening.

A pretty home wedding occurred Saturday evening, Sept. 15, at the home of Mr. and Mrs. Everett Ballou in Center Fayston, when their only daughter, Vera Esther, was united in marriage to Arthur Lawrence McLain. The officiating clergyman was Rev. William A. Remick, pastor of the Congregational church, the single ring Episcopal service being used.

The bride was unattended and was groomed in light blue tulle, trimmed with silver and silk net and cut deodolite, and she carried an armful of pink and white bride's roses. The ceremony was performed at 8 p. m. under an arch of evergreen and pink and white decorations, with a profusion of flowers. Both Mr. and Mrs. McLain have responsible positions in the Waterbury asylum, and after a wedding trip to Boston they will resume their duties. Mrs. McLain is a graduate of Waitsfield high school. The date of the wedding was necessarily postponed two weeks, owing to the quarantine restrictions in Waterbury asylum. Refreshments of ice cream and cake and a bride's cake were served. Owing to the feeble state of health of members of the family, only immediate relatives were present. Those attending were Mrs. McLain's aunt, Mrs. C. F. Thompson, Elmer Birchmore of Barre, Mr. and Mrs. Clayton S. Hubbard, and Mrs. W. A. Remele.

GOT EXTRA CHECKS.

Employees of Willard Co. in St. Albans Were Made Glad.

St. Albans, Sept. 17.—The employees of the Willard Manufacturing company, about 200 in number, were made happy Saturday when in their regular weekly pay envelopes each found in addition to the week's pay a check for a substantial amount, together with a typewritten letter. The letter stated that the check was given in consideration for the increased cost of living and to express appreciation of loyal service that had helped the company pull through a year of hard conditions. The check represented a percentage of each employee's earnings of the past year and the same percentage was given all. The letter also stated that the company would be glad to assist any employees who felt able and disposed to help their country and themselves by subscribing for Liberty bonds to be paid for in weekly installments or otherwise.

The distribution amounted to several thousand dollars and is probably the largest ever made in the city in the nature of profit-sharing. S. E. Royce is president and treasurer of the company and John B. Wilson is manager.

The officers and stockholders of the company express themselves as in full sympathy with the idea that all who give loyal help in making a business effort successful should share in that success, and the incident is a gratifying one in the relations of the company with its employees which have continued without a break in harmony and mutual fair treatment for nearly 31 years.
